More Testimonials

I know that Reiki will do you a lot of good, but don't just take my word for it—here is what some of my clients have said.

*Recommended to see Ken by my step-daughter (a client of Ken's), I was very sceptical, but I thought I would give it a try. I am so glad I did. I became a regular client of Ken's myself. Nothing relaxes me like Reiki does. Each hour's session just flies by; I don't want to get off the treatment table! I had been having problems with the side effects of my Parkinson's Disease medication, and Reiki helped me with that straight away.

*I have just completed 6 sessions of Reiki with Ken. Ken is very knowledgeable, and passionate about his practice of Reiki, and it shows in his compassion for the people he treats. I have always left feeling utterly relaxed, chilled, and safe in the knowledge that the Reiki would stay with me for at least another couple of days. Reiki is something not to be missed. Thank you, Ken.

*I had 6 sessions with Ken for a chronic problem. The sense of relief I felt was tremendous; feeling invigorated, even more revitalised after each session. I would highly recommend Ken as a kind man with an enormous gift of Reiki.

*I have known Ken for a number of years and can say he is really passionate about how Reiki can improve a person's wellbeing. From my own experience after a Reiki treatment from Ken, I always feel really relaxed and sleep well and would recommend everybody to try it.
